Welcome

Welcome to the Beacons Ultra, Beacons Marathon, and Beacons Trail Marathon! We're incredibly excited to bring these races to you for the 16th year running, but the first time, after taking on the baton from Jonny and Kevin at UpHill Down Dale.

We're so grateful to all of you for signing up to be a part of it. Your participation makes this event possible, and we can't wait to see you tackle the challenge ahead!

The route takes you through some of the most stunning and varied landscapes the Brecon Beacons has to offer. You'll experience everything from rolling hills to rugged mountain paths, with breathtaking views around every corner. Expect to be treated to panoramic vistas, beautiful woodlands, and open moorland, with plenty of elevation changes to keep things interesting!

Your race guide contains everything you need to know to ensure you have a smooth and enjoyable experience, including links to course maps and .gpx files, checkpoint information, and important safety tips. We strongly recommend giving it a read before race day to familiarise yourself with the route, race rules, and any logistical details to help make your day as successful as possible.

If you're happy to share, we'd love to see your race reports and photos – your stories will help us capture the spirit of the event and inspire others to join future races. Please email them to andy@andalievents.com.

Best of luck, and see you at the start line!

WashPod

Keeping People Happy at Home and Sponsors of Andal Events

Our unique range of WashPod temporary, disabled wetrooms have been creating a stir lately as they can be installed in just a day, last years and can be rented or bought.

Life can turn on a sixpence and when access to normal washing facilities are no longer possible, our WashPod range of models can fit most spaces and disabilities to keep your loved ones at home or get them home from hospital.

WashPods are plug 'n play and only need connecting to services, so you can help overcome the horrors, headaches and delays of adapting properties or a slow discharge from hospital from there being no suitable washing facilities. Our lead times are only a couple of weeks — rather than a year.

Dogs

We love dogs at Andali Events and this year we are piloting welcoming athletes to bring their canine companions to take part. But for the enjoyment of everyone (and every dog) there are a few common sense rules that canicross runners need to adhere to.

Not all people like dogs and some people are afraid of them, so please bear this in mind when approaching fellow athletes or members of the public.

The Henderson Hall (Race HQ, start and finish) has a strict no dog policy for Health and Safety reasons. To that end **dogs are only allowed** in the car park area of the hall, and are not permitted inside the hall or on the playing field.

To this end, when the respective races start, **canicross runners will be held on the canal footpath**, until athletes have run around the field and onto the canal path, whereby dog runners will be invited to join at the back of the pack.

1. Dog owners should ensure they carry appropriate fluid for themselves and their dogs for the run.
2. Runners should not bring their dogs on runs in extreme temperatures (either hot or cold).
3. If concerns are raised with the Race Directors regarding dog welfare, runners will be asked not to bring their dog to future events.
4. Any reports of antisocial behaviour by your dog will result in the dog potentially being banned from future /events.
5. Runners should ensure they have an appropriate harness for running with their dog.
6. All dogs must be insured with public liability insurance which covers compensation and costs awarded against the owner by a court if the dog causes death or injury to a person or causes damage to someone else's property.
7. Dog owners should ensure they have adequate poo bags to collect dog poo on the route, and dispose of the bag and contents in an appropriate refuse receptacle.
